Thank you for taking the time to respond to the consultation on Tees, Esk and Wear Valleys (TEWV) NHS Foundation Trust’s Draft Dementia Strategy. TEWV provides a range of mental health, learning disability and eating disorders services around County Durham, the Tees Valley, Scarborough, Whitby, Ryedale, Harrogate, Hambleton and Richmondshire. Please read this draft strategy before responding to the questions below. Please note the boxes will expand as you type.

The dementia strategy aims to support TEWV Foundation Trust to provide finest specialist care to support people with dementia who access the range of Trust services to live well, from early symptoms to end of life. To achieve this the Trust needs to ensure that it delivers services which are fit for purpose and that the services it delivers are excellent and are best practice within the scope of their service boundaries.

**1. The Dementia Strategy Vision**

<b>As a mental health specialist provider have we got the right vision for our services which support people with dementia? See page 3 of the draft strategy.</b>	
Yes	No
Comments	

**2. The Eight Dementia Strategy Themes**

We have outlined eight themes: <i>Governance, Involvement, Risk Reduction, Clinical Pathways, Dementia Friendly Action, Dementia Education, Training &amp; Workforce, Estate &amp; Environment and Research</i> . <b>Do you believe the eight themes are the right themes which the Trust should be prioritising within their dementia strategy?</b>	
Yes	No
Comments	

### 3. The Dementia Strategy Objectives

<b>We have outlined 25 draft objectives under the eight themes. Do you believe these are the right objectives?</b>	
<i>Governance</i> Yes Comments	No
<i>Involvement</i> Yes Comments	No
<i>Risk Reduction</i> Yes Comments	No
<i>Clinical Pathways</i> Yes Comments	No
<i>Dementia Friendly Action</i> Yes Comments	No
<i>Dementia Education, Training &amp; Workforce</i> Yes Comments	No
<i>Estate and Environment</i> Yes Comments	No
<i>Research</i> Yes Comments	No

### 4. Measuring Progress of the Dementia Strategy

<b>We propose measuring the success of the dementia strategy by indications including the number of people who are trained in dementia care. How do you think we should measure if the strategy has been successful? (where possible please relate back to the relevant theme or objective).</b>
Comments

## 5. Other Comments

Do you have any other comments you would like to make which will help us to develop the TEWV Dementia Strategy?

### **What happens next?**

In TEWV we will consider the feedback from the consultation and amend the strategy accordingly. It is anticipated the strategy will be launched before the end of 2015. Until then, TEWV will continue to deliver and improve dementia services.
